SUMMARY

Data Analyst specializing in Human Capital, with a focus on data management, dashboard development, and reporting automation. Recently completed a 3-month intensive Data Science & Machine Learning bootcamp, with hands-on experience in exploratory data analysis (EDA), data preprocessing, model development, and deployment. Passionate about pursuing a career in data and leveraging data-driven insights to support decision-making and improve organizational performance.

EDUCATION

Diponegoro University

Aug 2020 – Mar 2024

- Bachelor's degree in Physics - GPA 3.60/4.00

Semarang, Indonesia

EXPERIENCE

PT Jamkrindo

Data Analysis at Human Resource Management Division

May 2025 – Recent

- Developed automated dashboards and reports using Looker Studio, Google Sheets, and Apps Script for intern attendance monitoring and monthly reporting, achieving 90% process automation.
- Collaborated with the team to develop a real-time budget monitoring database and dashboard using Google Sheets and Google Apps Script, automating approximately 90% of data processing and calculation workflows.
- Designed and developed an employee productivity dashboard using Excel and Tableau, covering 1,000+ employees to monitor and analyze workforce productivity and performance metrics, supporting data-driven management decisions.

Data Analysis Intern at Human Resource Management Division

Aug 2024 – May 2025

- Processed and analyzed employee training data and regularly updated Looker Studio dashboards with 100% on-time completion (Time Management score: 95/A).
- Managed administrative and operational workflows for training programs with an execution rate of approximately 98%, supported by strong integrity (90/A) and teamwork (85/B) scores.
- Achieved an overall internship performance score of 85 (B) across 7 evaluation components, reflecting consistent and solid performance.

TRAINING

Bootcamp Data Science and Machine Learning Dibimbing x Jamkrindo

Aug 2025 – Nov 2025

Training Participant

- Achieved an average post-test score of 97%, demonstrating a strong understanding of Data Science and Machine Learning concepts.
- Completed mini projects covering machine learning, data analysis, data visualization, and AI deployment integration with an average score of 86%.
- Successfully completed the Final Project with a score of 100%, reflecting strong analytical, modeling, and end-to-end data-driven solution implementation skills.
- Final Project: https://bit.ly/FinalProject_EuanggayLEnji

Samsung Innovation Campus

Feb 2024 – May 2024

Training Participant

- Learned Python programming and foundational AI/IoT concepts.
- Achieved a score of 93.48 in IoT Fundamentals, demonstrating a basic understanding of IoT principles.
- Earned an average score of 95.88 in Python modules (Basic, Intermediate, Algorithms & Data Structures), reflecting a basic understanding of coding and the ability to apply programming logic and data handling.

ASEAN Data Science Explorers 2024

Apr 2024

Training Participant

- Completed 260 minutes of training in SAP Analytics Cloud and app development, building data models, dashboards, and applications including a barcode scanner and IT order app.

LEADERSHIP & VOLUNTEERING

Volunteer – Kindness to Progress, Indonesia Financial Group (IFG)

Aug 2025

- Trained 15 MSME entrepreneurs, increasing product value by 2–3x, packaging efficiency by 3.3x, and customer satisfaction to 84%+.

Volunteer – Socialization & Green Action, PT Jamkrindo

May 2025

- Reached over 25 families receiving medicinal plants and more than 20 participants attending the socialization sessions, raising community awareness about environmental conservation and the use of medicinal plants.

Radiation Physics Study Group

Feb 2023 - Dec 2023

Expert Staff of Human Resources

- Design and implement an open recruitment process for new staff.

Physics Student Association

Jan 2022 - Dec 2022

Expert Staff of Research and Development

- Monitoring and developing internal resources of the association through Key Performance Indicators (KPI) using Excel.

Basic-Level Faculty Student Management Skills Training

Mar 2022 - Sep 2022

Mentor of Division Student Resource Development

- Accompanying and providing guidance on assignments and presented materials to participants.

SKILL & ABILITIES

Languages : Indonesian (Native), English (Intermediate).

Soft Skills : Strong Leadership, Team Collaboration, Analytical Thinking, Effective Communication

Hard Skills : Advanced Excel & Google Sheets (Pivot, Power Query), Data Visualization (Looker Studio, Tableau, Power BI), Basic Python (Pandas, NumPy, Matplotlib, Scikit-Learn), Basic SQL (MySQL), Basic Machine Learning (Classification, EDA, Preprocessing)
